MATCH PREVIEW

Chicago Fire FC returns home for two matches against Eastern Conference rivals, beginning with New England Revolution on Saturday, Sept. 6 at SeatGeek Stadium. With seven matches remaining in the regular season – four of them at home – Chicago is 11-10-6, good for 10th in a highly competitive East. But the Men in Red have two games in hand on their nearest rivals, the New York Red Bulls, for the last spot in the playoff race, and a crucial match against 11th place New England on Saturday.

New England will arrive in Bridgeview with a mountain to climb, eight points behind the Fire in 11th place. Their last match against Charlotte FC Saturday night at Gillette Stadium was a close affair for much of the 90 minutes played. Forward Ignatius Ganato tallied in the 24th minute to respond to an early Charlotte goal. But the visitors got a late winner, as Idan Toklomati's 87th minute strike gave Charlotte an eighth consecutive victory in league play.

Saturday's match will be the 74th regular season meeting between Chicago and New England, making the Revolution the Fire's second-most played opponent in their history behind Columbus. Chicago has a 27-25-21 edge all time in 73 games against New England, including a 17-8-12 record at home.

BY THE NUMBERS

4

Homegrown midfielder Brian Cutiérrrez has recorded four goal contributions in eight league matches played against New England. Of those four, three are assists, also the second highest tally of any player on either roster in the series, behind Fire nemesis Carles Gil. Another good performance against the longtime Eastern Conference rivals could prove crucial in the ongoing playoff race.

André Franco's debut in Chicago's match against Philadelphia on Aug. 23 was the 12th time a Fire player made his first appearance in Major League Soccer this season.

The mark is the second highest in Fire history, tied with the 2020 squad. The addition of Viktor Radojević during the summer transfer window, as well as the continuing development of Chicago Fire Academy players like Vitaliy Hlyut, could tie or break the record of 13 debuts set in 2005.

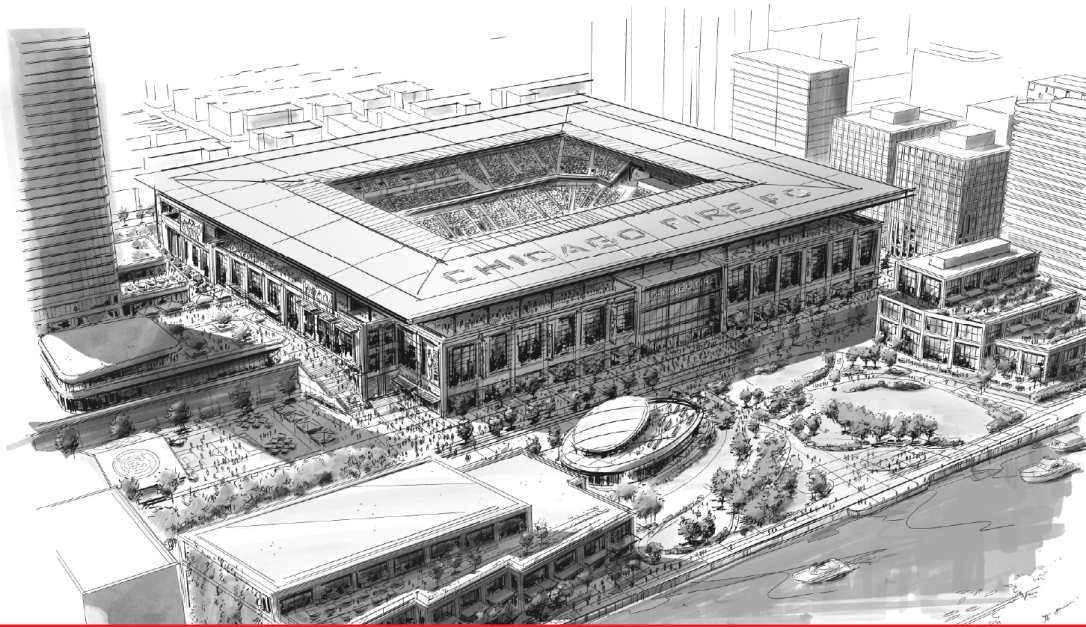

12

50

Chicago has scored 50 goals this season, the most since recording 55 in 2019.

The number is no easy feat, as only seven seasons prior to 2025 have featured 50 or more goals scored. Even playoff teams like the 2008 and 2009 sides – both of which appeared in the Conference Finals – did not tally as many goals. At the current rate, the 2025 Chicago Fire is on

track to score 62 goals this season, the second highest total behind the 67 scored in 2000.

DEAR CHICAGO,

I LOVE THIS CITY. I WAS BORN AND RAISED IN THE SHADOW OF ITS ICONIC SKYLINE. I MOVED HERE FOR COLLEGE 50 YEARS AGO - AND I NEVER LEFT.

Chicago is where I built my business, my family and my life. And while I never set out to own a professional sports team, when the chance came to purchase the Chicago Fire in 2018 I couldn't pass it up. Soccer is the world's game and a world-class city like ours deserves a world-class Club - with a world-class home to match.

Today, we're proud to announce our plans for a new, privately funded, soccer-specific stadium and entertainment district at Roosevelt and the river. We expect to open in Spring 2028. This new home for the Chicago Fire Football Club will anchor the city's future 78th neighborhood and serve as a catalyst for job creation, economic development and vibrant community life.

But this project is more than just a stadium. It's a space for fans of all ages, backgrounds and neighborhoods to come together and celebrate the beautiful game - right in the heart of our city. It's about investing in Chicago, not just on match days, but every day as a committed community partner.

The Chicago Fire is a Club on the rise. And soon, we'll have a permanent home that reflects the passion, energy and pride of the city we love.

Sincerely,

Joe Mansueto, Owner and Chairman
Chicago Fire Football Club

A WORLD-CLASS HOME

Chicago Fire FC Owner and Chairman Joe Mansueto announced plans to build a new stadium right in the heart of Chicago on June 3, 2025.

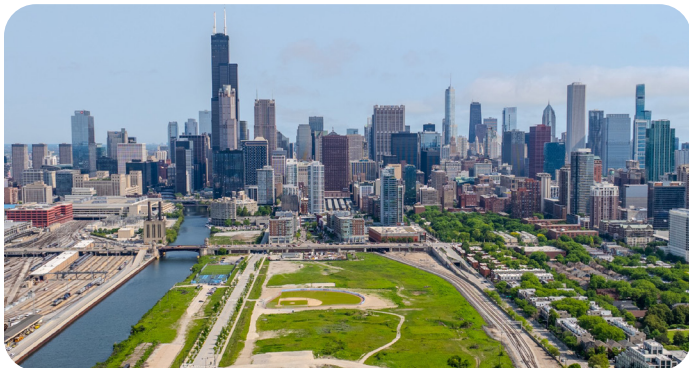

Located at the intersection of Roosevelt Road and the South Branch of the Chicago River, the Fire's new soccer-specific stadium will be the anchor tenant of The 78 – a mixed-use development that will eventually include restaurants, retail, office space, and residential buildings, along with green space and an extension of the Chicago Riverwalk – a year-round destination poised to become the city's 78th neighborhood.

The Fire's decision to pursue their own stadium is part of Mansueto's commitment to keeping the Club playing in Chicagoland for decades to come. The venue will be entirely privately financed, without the use of public funds to build it. It will also have easy access to multiple modes of transportation, with only a two block walk to Chicago's iconic CTA 'L' trains, as well as several bus lines serving the area and commuter rail stops within walking distance. As part of the larger development at The 78, onsite parking will be constructed and timed to open in line with the stadium.

Here are a few more details about the Fire's new home:

- ★ Built as a soccer-specific stadium, but designed with the idea of being a mixed-use facility to host year-round events.
- ★ The initial phase of stadium construction is scheduled to begin Fall 2025 or Early 2026, with the target completion date set ahead of the 2028 MLS Regular Season.
- ★ Planned as an open-air stadium to allow for a natural grass field, with an expected capacity of 22,000. A dedicated supporting section will be built with room for approximately 2,000 fans on safe-standing bleachers.
- ★ The estimated cost is roughly \$650 million pending final construction expenses.
- ★ Designed by global architecture, design and planning firm Censler.

A GLIMPSE AT THE FUTURE

Chicago Fire FC released renderings and further details of the Club's \$650 million soccer-specific stadium in downtown Chicago on June 16. Striking a balance between an electric, high-demand atmosphere and a world-class matchday experience, it was designed by Censler in "Chicago School" fashion with the enduring elegance of the warehouses that represent the city's grit and hard work. From sweeping riverfront views to open public plazas, every element of the stadium design is being thoughtfully considered to honor Chicago's classic and historic identity while igniting an exciting modern era for the Club and its supporters.

The brick, steel, and glass facade will wrap an interior designed to deliver unmatched comfort, style, and service, reimagining what it means to not only experience a Fire match in Chicago, but to experience a soccer match in the United States.

The bowl is designed to prioritize the match viewing experience with seating positions that are dramatically lower and closer to the action. An exposed steel canopy over the seating bowl will help enhance the intimacy of Fire matches by directing light and crowd noise back to the pitch, creating an environment that will enhance the Fire's home-field advantage. A dedicated supporter section will be built in the south end for the most passionate fans in the league.

FOR CLUB AND COUNTRY

A handful of Chicago Fire FC players received call-ups during the September international window.

Defender Joel Waterman was called up by the Canada Men's National Team ahead of their September friendly matches against Romania and Wales from Sept. 5-9 in Europe. Waterman has previously earned 10 caps for the senior men's national team, featuring in several friendlies and Concacaf Nations League matches. He was also a member of Canada's 2025 Concacaf Gold Cup squad, as well as the 2024 Copa America and 2022 FIFA World Cup rosters.

Fellow defender Leonardo Barroso was called to the Portugal U-21 National Team for the first matches of 2027 Under-21 EURO qualifying. Barroso and Portugal will host Azerbaijan on Sept. 5, before traveling to face Scotland on Sept. 9. The defender has represented Portugal from the U-15 through the U-20 youth national teams, most notably at the 2022 UEFA Under-17 Euros, helping to guide the squad to the tournament semifinals.

Another youth national team call-up is Homegrown midfielder Dylan Borso, who was called to the U.S. U-20 Men's National Team for a domestic training camp from Sept. 1-9 in West Palm Beach, Fla. He will join coach Rob Valentino and 22 other players born in 2006 in a camp that is part of the U.S. Soccer Federation's continued focus on the U.S. Way, an opportunity for young players to advance through the pathway to the senior National Team with the goal of representing their country at a world championship.

A SEASON OF FIRSTS

Midfielder André Franco made his MLS debut on Saturday, Aug. 23, coming into the match in the 69th minute in place of midfielder Dje D'Avilla.

Franco became the 14th player to make his Fire debut and 12th to make his Major League Soccer debut in 2025. The current roster is now one MLS debut away from tying the record set in 2005, when 13 different players earned their first minutes in the league with Chicago.

In addition to defenders Jack Elliott and Omar González, who made their debuts as Men in Red this year, here is a list of other players who have earned their first minutes of MLS action for Chicago this season:

WELCOME, VIKTOR!

Chicago Fire FC announced the acquisition of defender Viktor Radojević from FK TSC of the Serbian SuperLiga. Radojević will occupy a U22 initiative slot and an international roster position.

Radojević, 21, joins Chicago after spending the 2024 and 2025 seasons with TSC, where he made 21 appearances over the past two seasons. Radojević moved to TSC after climbing through the ranks of the Red Star Belgrade Academy. He began at Red Star Belgrade at the U-15 age level and progressed through every age group before making his first team debut on Feb. 10, 2024 in a 2-1 win against Vozdovac. The young Serbian international has a wealth of experience, having played in the Serbian topflight, as well as the Serbia Cup and the Superliga Championship Round.

At the international level, Radojević has been a consistent member of the Serbia Youth National Team system, earning at least one cap at every age level from U-15 through U-21. With the Serbia U-21 National Team, Radojević went the full 90 minutes in three international friendlies and one Group F match in UEFA U-21 Championship qualifying.

THANK YOU, GENTLEMEN!

Chicago Fire FC announced a pair of departures from the 2025 first team roster.

On Aug. 25, the Club announced that it had agreed to transfer defender Carlos Terán to Brazilian Serie B side Clube Athletico Paranaense. Terán, 24, originally joined the Fire during the 2020 MLS season. The Colombian center back played in 87 regular season matches for the Men in Red since then, scoring five goals and registering one assist.

One day later, forward Dean Boltz was loaned to Forward Madison FC of USL League One. Boltz was one of four players in the 2025 Generation adidas class and was selected by the Fire as the third overall pick in MLS SuperDraft 2025. The forward played in 20 games (11 starts) for Chicago Fire II in 2025, registering three goals and one assist. He returns to Madison, Wisc., where he won multiple accolades with the University of Wisconsin.

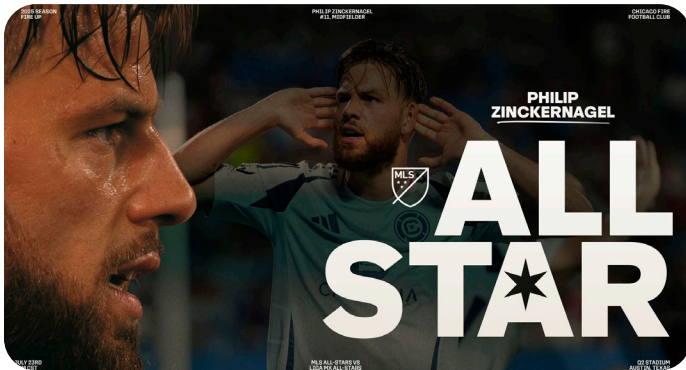

PHILIP, YOU'RE AN ALL-STAR

Winger Philip Zinckernagel was selected to the 2025 MLS All-Star Roster by All-Star head coach Nico Estévez on June 25. It was the first MLS All-Star inclusion for Zinckernagel, who is in his first season with the Fire, and the first selection for any Fire player since Kei Kamara in 2023.

The Danish winger joined Chicago on Jan. 6, 2025 from Club Brugge of the Belgian Pro League via transfer. Zinckernagel has started all 25 games in which he has played for the Fire in 2025. He leads the team in goal contributions, with 11 goals – good for second on the team behind forward Hugo Cuypers (15) – and 13 assists, becoming the first player in Club history to reach the 10-goal, 10-assist mark in a single season. He has tallied a goal or an assist in 10 straight road matches, which is tied with Josef Martínez for the league record.

Zinckernagel joined 25 of the best players from Major League Soccer in a face-off against a team of All-Stars from Mexico's top soccer league, LIGA MX, on Wednesday, July 23 at Q2 Stadium in Austin, Texas. The winger entered the match in the 61st minute, becoming the first Fire player since Cuauhtémoc Blanco in 2008 to record a goal contribution in an All-Star Game with an assist in a MLS' 3-1 win over Liga MX.

LET THAT ZINCK IN

Zinckernagel was named to a second straight MLS Team of the Matchday for Matchday 29 following his performance in the comeback 3-2 victory against St. Louis CITY SC at SeatGeek Stadium on Aug. 16. The winger earned his second consecutive mention on the list, and sixth of the season, after scoring and assisting in the match. His goal tied the match in the second half, before his latest assist to Brian Cutiérrrez got Chicago the victory.

The honor is Zinckernagel's sixth of 2025 after appearing on the MLS Team of the Matchday Starting XI last week for his two-assist performance against LAFC. This is the fourth time he appears in the XI this season, also appearing there on Matchdays 28, 21 and 7, and the bench in Matchdays 17 and 25. For Cutiérrrez, this is his first appearance on the Team of the Matchday bench this season, following two starting appearances in Matchdays 1 and 14.

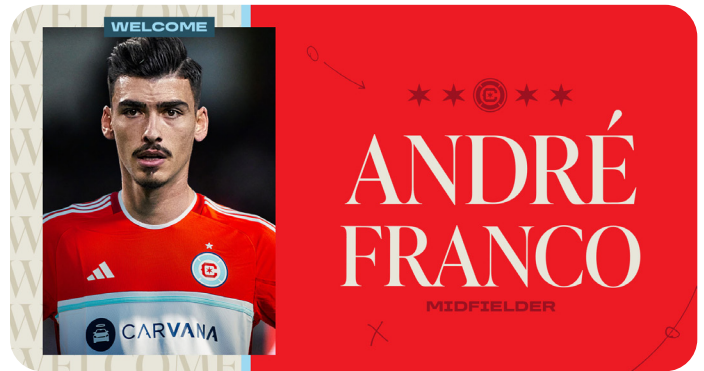

BEM-VINDO, ANDRÉ!

Chicago Fire FC announced the acquisition of midfielder André Franco from FC Porto of Portugal's Primeira Liga through the 2025 season with an option to purchase.

Franco, 27, joins Chicago from Porto, where he has appeared in 71 matches overall and scored five goals across all competitions since 2022. During his time with Porto, Franco helped to guide the team to the Portuguese Cup title twice (2023, 2024) as well as Primeira Liga title in the 2022-23 season and the Portuguese Super Cup in 2025. He was also a member of the Porto side that qualified for and participated in the 2025 FIFA Club World Cup, making an appearance in the team's opening match against Brazilian side Palmeiras.

Prior to joining Porto, the Lisbon native began his youth career in the Sporting CP Academy, where he rose through the ranks before going on a season-long loan to the Belenenses U-19 Academy. He later joined C.D. Estoril Praia's U-23 squad and progressed to the Estoril first team. Franco helped Estoril return to the Primeira Liga as the team claimed the 2020-2021 Segunda Liga title. He appeared in 72 matches, scored 15 goals and registered 10 assists for Estoril, across all competitions, as well as appearing in seven matches for the Estoril U-23s.

WELCOME, JOEL!

Chicago Fire FC also announced the acquisition of defender Joel Waterman from CF Montréal in exchange for 2025 and 2026 General Acquisition Money (GAM).

Waterman, 29, joins the Fire after spending the past five seasons with Montréal where he started 125 of the 130 regular season matches in which he appeared. In the 2025 MLS regular season, Waterman featured in 18 matches (17 starts) and wore the captain's armband on five occasions. He has earned 10 caps for the Canada Men's National Team, featuring in several friendlies and CONCACAF Nations League matches. He was also a member of Canada's 2025 CONCACAF Gold Cup squad, as well as the 2024 Copa America and 2022 FIFA World Cup rosters.

BIOGRAPHY

On October 8, 2024 – the 153rd anniversary of the Great Chicago Fire – Chicago Fire FC announced Gregg Berhalter as the Club's Head Coach and Director of Football. With the appointment, Berhalter became the 10th full-time head coach in Club history, overseeing all aspects of the Fire's sporting operations, including the First Team, Chicago Fire FC II, and the Chicago Fire Academy.

With 30 years of professional experience as a player, coach, and sporting executive, Berhalter joined the Club after a successful tenure with the U.S. Men's National Team, in which the team won three major trophies and returned to the FIFA World Cup. In 74 matches with the USMNT, he compiled a 44-17-13 record, leading the United States to the 2022 FIFA World Cup and paving the way for future success. Under his guidance the USMNT won the 2021 Gold Cup, two Concacaf Nations League titles, and advanced to the Round of 16 of the 2022 FIFA World Cup. During the 2022 World Cup, the USMNT recorded multiple shutouts for the first time in the tournament since 1930, all while utilizing the youngest pool of players in team history.

Prior to his time with the USMNT, Berhalter spent seven years as a head coach in Sweden (Hammarby IF) and Major League Soccer (Columbus Crew). With his move to Hammarby, he became the first American-born male to manage a professional team in Europe. From 2013-2018, while serving as Head Coach and Sporting Director of the Columbus Crew, Berhalter led the team to the MLS Cup Playoffs in four out of five seasons, including a runner-up finish in the 2015 MLS Cup Final, en route to an overall record of 67-58-45.
